有機JASマーク JAS

Organic JAS
(Japanese Agricultural Standard)

Operators certificated by registered Japanese or overseas certifying bodies are able to attach the organic JAS logo to products that were produced or manufactured in accordance with relevant organic JAS Standards.

FAIRTRADE

International Fairtrade

Fairtrade certified and sourced from Fairtrade producers. Fairtrade means fairer trading conditions and opportunities for producers in developing countries to invest in their business and communities for a sustainable future.

BIRD FRIENDLY

Bird Friendly®

Bird Friendly® is organic coffee sold at a premium price and cultivated in the shade of tropical rainforest (shade grown) where biodiversity is protected. These plantations return a part of their revenues to fund efforts to research and protect migratory birds as well as fund environmental conservation activities.

ORANG UTAN COFFEE

Orang Utan Coffee

The Orang Utan Coffee is a Project that aims to protect the natural environment where orangutans live and to enrich the lives of local coffee producers by producing high quality coffee that attracts many people.

OGAWA COFFEE DRINK

SPECIALTY COFFEE

スペシャルティコーヒー

■Specialty Coffee

OGAWA COFFEE calls the coffee beans whose stages of production are managed and controlled thoroughly "Specialty Coffee." Specialty coffees are grown in special and ideal climates, and are distinctive because of their full cup taste, and that they contain little to no defects. The unique flavors are a result of the special characteristics and composition of the soils in which the coffees are produced.

Please choose your favorite brewing method.

Aero Press®

This is a brewing method which takes advantage of the power of air. Provides a richer taste than other equipments, and produces clean and sweet after taste.

Pour Over

This is a popular brewing method in Japan. OGAWA COFFEE uses the Kalita Dripper, and brews with love. It gives a very transparent, clean and clear taste.
